## Bloody, New Riots In Tokyo

MANILA, Thursday (AP) — The bloody new riots in Tokyo have left American security officials deeply concerned whether Japanese police can protect President Eisenhower, it was reported early today.

Members of Eisenhower's party were disturbed over Tokyo dispatches which pictured the Japanese police as helpless against the onslaught of thousands of leftwing students who stormed the parliament buildings there Wednesday.

Japan's Premier Nobusuke Kishi called a midnight cabinet session to discuss a situation which one of his aides described as equivalent to insurrection.

The Wednesday riots were Japan's worst so far in the month-long campaign against Kishi and the new U. S.-Japan defense treaty.

President Eisenhower is due in Tokyo Sunday afternoon.

## BUFFET-DANCE HELD TUESDAY BY YOUNG DEMS

"One out of every three citizens in Adams County does not vote. This figures out to about 10,000 citizens who haven't bothered to register to vote. It is the duty of the young Democrats to solicit, beg, and coerce these people into voting next November," the Adams County Young Democrats were told at a buffet-dance held Tuesday night at the VFW home.

Robert Kane, administrative assistant to John S. Rice, state chairman of the Democratic party, told the young people "It's an apathy, it's a disgrace, that one out of three people in Adams County are too busy to vote."

"With the civilian absentee and the shut-in ballot, people can no longer make excuses as to why they don't vote," he added.

Kane, a native Yorker, was the principal speaker at the buffet. Inclement weather held the attendance below the expected turnout.

### "Dollar For Democrats"

Kane announced that the Democrats are planning a "Dollar for Democrats" drive September 9 to 19. One-third of the proceeds will go to the county, one-third to the state and one-third to national headquarters.

Congressman James M. Quigley declared that "the day has passed when one party can deliver a vote, that is, to be able to count on a certain segment. But this undelivered vote seems to be getting larger every day. Young (Continued On Page 4)

## TEACHERS SAY LANGUAGE LAB IS GREAT AID

The tricity teachers' summer discussion conference, meeting in the Student Union Building at Gettysburg College, discussed ways to build laboratories for foreign languages and hopes of shifting the emphasis of social studies from factual material to a more pronounced development of attitudes and skills in the county high schools.

The language discussion revealed that, of the 400 or so language laboratories in the United States, Pennsylvania has over 200. The discussion group recommended that schools planning to install foreign language laboratories should consult language teachers within the school and work with them; consult with the companies offering equipment and obtain facts, figures and prices; visit the service center in the Pennsylvania Department of Education headed by Dr. Logan; visit other schools like Hanover, Dover, Gettysburg College and York Suburban that already have installed these laboratories; consult the NDEA for funds. The NDEA provides up to 50 per cent of the cost for installing laboratories. Over 50 per cent of the funds already used have been spent in Pennsylvania.

The group also recommended that attendance be compulsory of the students. It suggested that schools might utilize a nonmember fluent in the foreign language to record the tapes. This would give variety and prevent boredom. The laboratory should help the student who is timid and shy to overcome inhibitions, the group said. Furthermore, the psychological factor, hearing one's own voice should help give the student confidence in himself.

The foreign language group toured the college laboratory under the supervision of Mrs. Janis Weaver of the foreign language staff at the college. The cost of this lab was estimated at \$16,000. The social studies group decided it was best to emphasize skills, understanding and attitudes of the student instead of relying on factual material. It revealed also that too much emphasis has been placed on science subjects instead of social science over the past few years.

A circular will be sent to all social science teachers in the county before fall to relate the discussion material to the teachers. It is hoped that some schools will consider the recommendations made by the conference.

Today, the conference ends with more discussions and a business session at 3:30 p.m.

## Former Castro Captain, 2 Associates Are Executed

SANTIAGO, Cuba (AP)—A firing squad executed Manuel Beaton and two accomplices at dawn today.

The end came for the former army captain, his brother Cipriano, and Felipe Martinez a little more than 24 hours after a military tribunal convicted them of leading an abortive revolt against Prime Minister Fidel Castro in the Sierra Maestra last spring, and killing a peasant militia leader.

## UPPER ADAMS SCHOOLMEN ASK ACTION ON ASSESSMENTS

The problem of inequalities in the occupation assessments was brought to the attention of the Adams County commissioners at their meeting this morning in the court house by representatives of the Upper Adams School System.

But no immediate solutions were to be found. The commissioners agreed there are inequalities. The classic inequality of them all was mentioned several times—that the farmer's wife has a higher assessment for occupation than the farmer himself.

But the Adams County occupation assessment is based on a state law. The commissioners plan to check with the state tax equalization board and attorneys to find if there are any loopholes on which to base a realignment of the occupation assessments before taking any moves toward a possible change.

### Offer Suggestions

Representatives of the Upper Adams system presented a schedule of occupation assessments from Cumberland County in which the assessment is based on income of the individuals.

If the law permits a change, it was suggested at this morning's meeting that a county-wide session be held of representatives from all school jointures, all township supervisors, borough councils and tax assessors to hear suggestions as to what the changes should be—with the commissioners making the final decision.

Upper Adams representatives included Superintendent Donald B. Hudson, Business Manager David Houck, Attorney John A. MacPhail and board members Luther M. Ledy, Robert Lott, Paul Pitzer and John Fidler.

### Reports On County Home

Upper Adams board members said all school jointures should be included in any discussion of the problem because they said the other districts "will be soon joining Upper Adams in increasing the levy on the occupation assessment."

Wayne Cluck, clerk of the works for the county home construction, reported "things are progressing about as well as can be expected with all the mud" at the county home. Work on renovating the potters field has also been stymied by the almost constant rain, Cluck said. All of the equipment for the proposed resetting of tombstones, etc., is ready and the sheriff has prisoners available to do the work when weather permits.

The commissioners received notice this morning that the Allegheny County Workhouse, which had been charging \$2.35 per day for each prisoner, will in the future charge \$3.58 a day.

## DECREASE IN COUNTY CRIME IS INDICATED

Crime seems to be in a decline in Adams County, judging by reports made by the clerk of the courts to the state Department of Welfare. The reports are made quarterly following each term of court.

For the February and May terms this year, covering the first half of the judicial year, there were 126 criminal cases listed by Clerk Kenneth W. Johns.

During the same two terms in 1959 there were 163 cases and in the first two terms of 1958, the first year such quarterly reports were made, the number of crimes was 156.

### Other Reports

Of the 126 cases so far this year, 12 were dismissed, two defendants were acquitted by the courts, three were acquitted by juries, 74 entered pleas of guilty, 20 were found guilty by the court, 11 by juries, four were sent to state prisons, seven received suspended sentences, 53 went to the local jail or the workhouse, 22 paid fines or costs only and 19 received other sentences—such as (Continued On Page 3)

set up headquarters in Gettysburg, renting a property or farm land for \$1,000 per year. It was stated that this rent would be paid out of money received from the various outfits who would participate in skirmishes here several times a year.

Several communications were read from visitors who thanked the council for its "wonderful cooperation" in mailing literature to them. President Lane showed members a New York Times advertisement in which 11 men participated in the June 5 travel section. Lane said the ad is "paying off" because the travel council has received more than 425 requests for literature as a result.

A copy of the "Gettysburg Visitor" was given to each member and Lane said 30,000 had been ordered. They are free.

Suggests Full-Time Help

There was a discussion of whether rates of local motels should be included in the paper. Any motel wishing to publicize its rates should call the travel information center.

It was reported that approximately 900 requests had been answered by the secretary during the month and about 6,300 folders sent out to prospective tourists. Lane said that with the 1963 anniversary coming on and the work increasing, the council should look for a full-time employee who is well qualified to handle the job when the situation warrants.

The information center on Carlisle St. reported that in May 1,212 visitors had registered and 256 had asked for guides. Two representatives of the Adams County Fruitgrowers Association said their group would like to lend financial support to the travel council and reap some harvest, mainly from the Apple Blossom festival.

Lane reported that the next south central Pennsylvania area meeting will be held in Gettysburg. A committee will work on the possibility of having a dinner and inviting dignitaries so that the state department could better publicize the state and what it has to offer.

**Would Swell Warner Fund:** The Annie M. Warner hospital, of Gettysburg, is one of the 130 state-aid hospitals throughout the state for which an increase in the appropriation of state funds for the next two years has been recommended in a measure before the legislature at Harrisburg, which has been reported to the lower house by the committee in charge. While the Warner hospital has appropriated \$7,700 the last two years toward the much larger amount required for charity work, the appropriation has been fixed this year at \$11,615. There is no assurance that this amount will be finally given, for it is subject to change in either house or senate before passage, and the governor also has the prerogative of changing it before affixing his signature.

**Bullett To Enter Duke University:** Edward B. "Ted" Bullett, eldest son of Eugene V. Bullett, Esq. and Mrs. Bullett, 432 College Ave., who graduated with honors with the class of 1935 at Gettysburg college, will enter the law school of Duke university at Durham, North Carolina, in the fall for a three-year legal course. On the strength of his excellent class work at Gettysburg, he has been given a scholarship at Duke University.

## Today's Talk

MR. STEADFAST

The title to a book often is very revealing. Take that one by the late John Buchanan—"Mr. Steadfast." I enjoyed the book. A phrase is also often revealing, such as that one given to William E. Stead—"That Good Man Stead."

Mr. Stead was a great bookman and editor. He was introduced to a friend, and the man's impression of Stead was that he was a "good man." I am wondering to be so great in character and achievement as to earn a title so expressive.

I was so impressed by the name of "Mr. Steadfast" that I have never forgotten the man who gave his book that name. What a dearth of such characters! How the earth calls for them.

John Buchanan was the former governor-general of Canada—a man of noble character and ability. He left a great name to his credit, and was widely beloved. I think of him as "Mr. Steadfast." Such people live and bless all mankind!

Never before in history has the world faced such a crisis as today. We need every "Mr. Steadfast" that we can muster. Great leadership is essential. Men who can control their temper and assert their courage under fire. The lives of millions of human beings are at stake. Freedom is a permanent call to each one of the brave to be a "Mr. Steadfast!"

Tomorrow Mr. Adams will talk on the subject: "Whistling". Protected, 1960, by The George Matthews Adams Service

## Just Folks

GOLF

Who loves this game must be a man;  
'Tis not a craven's sport.  
No cad, within its borders, can hold his disgraceful court;  
Its ways are gentle and refined,  
But stern as life is stern;  
And all its honors are the kind  
That only men can earn.

Golf smiles on only what is best  
Within the life of man;  
It is of character a test;  
Deceive it no one can.  
And who would pass beyond its gate  
Its pleasure to pursue,  
Must stand with head erect and straight.

And first of all be true.

## TELLS ABOUT HOG BRUISING

Hogs have a tendency to bruise in their most valuable part, according to George Wolff, of the Pennsylvania Motor Truck Association, in a talk to the Town and Country 4-H Business Club Monday evening.

At the meeting held in the Adams Electric Cooperative building, Wolff outlined methods of transportation of livestock but said that bruising is more frequently caused by those who load and unload than by the trucks while transporting.

Forty-eight per cent of the bruising on hogs is found in the "ham" area, and Wolff said that a study showed that 42 per cent of the bruising on hogs is due to whips, canes and clubs used by persons to hurry the beasts along and 20 per cent is due to "kicks and prodding."

On beef the problem is otherwise, with the nature of the animal causing difficulty in handling. In beef cattle 66 per cent of the bruising is done by crowding and bumping.

Studies are being made to find ways to reduce the bruising in handling the cattle Wolff said.

June 27 the members of the club plan to leave here at 4:55 o'clock in the morning to visit the Lancaster stockyards and see how the animals are handled there and also to visit a trucking terminal nearby to see transportation of livestock in action.

## BUFFET-DANCE

(Continued From Page 1)

Democrats are the hope of the future for the people. It is more difficult nowadays for the party because the people are voting more independently. It is difficult for the candidate to get to know each and everyone, and the party should help in influencing people to cast their vote.

Quigley said that "when the people want work done in the future, they will turn to the Democratic party. It is the people's responsibility to prepare themselves for that responsibility when it comes their way."

## Plan Registration Drive

Fred G. Klunk, chairman of the Adams County Democratic Committee, announced that the party is planning a registration drive in Adams County. "Twelve years ago, the Republicans outnumbered the Democrats by a margin of 3,800. In 1955, the margin had slipped to 1,800 and today the total is only 800. The committee wants to eliminate the difference and possibly go out ahead," he said.

The president of the Adams County chapter, Mike Lauro, presided at the meeting. Dale Clark, a candidate for the general assembly, was introduced by Klunk. William Shuman, treasurer of the Franklin County committee and also a candidate for the state Senate, was introduced. Other guests present were Jack Zimmerman, president of the Dauphin County Young Democrats, and John Klesig, regional state director.

Klesig announced that a Young Democrats meeting will be held in Harrisburg later this summer, possibly July 30 or August 6.

## Powers Stripped From Presidency

SEOUL, South Korea (AP)—The National Assembly today stripped the South Korean presidency of the vast powers Syngman Rhee exercised and adopted the British system of parliament democracy with a premier and cabinet responsible to the Assembly.  
The Assembly approved the drastic changes in South Korea's 12-year-old constitution by a 208-3 vote. The president was reduced to a nonpartisan, ceremonial head of state elected by the Legislature for a five-year term.

Acting President Huh Chung signed the amendments into law and proclaimed the new form of government.

## ASC ELECTION BOARD LAYS VOTING PLANS

The annual meeting of the Adams County Agricultural Stabilization and Conservation election board was held Tuesday at the ASC office in the Adams Electric Cooperative building to complete plans for the election scheduled to end September 2.

As in the past, special election boards were set up for the six "communities" into which the county has been divided for ASC purposes and those boards will select nominees for whom the farmers of the county will vote.

## To Mail Lists

The lists of nominees will be mailed August 22 to all eligible voters. On September 2, the last day for receiving the returned ballots, the tabulation will be made to determine the ASC committees in each community.

County Agent Frank S. Zettle, Richard Long, of the Soil Conservation Service; Mrs. Letha Hartman of the Farmers Home Administration and J. Glenn Miller, ASC county office manager, comprised the county "election board."

Miller was elected secretary of the group. The ASC county office was designated as the place for return of the ballots and the location of the county convention to elect the county committee.

## On Community Boards

The board selected the following members and alternates to serve as the ASC community election boards for their respective communities:

## NFL AND AFL ENGAGED IN SMALL 'WARS'

NEW YORK (AP)—Two small "brush fire" wars between the entrenched National Football League and the neophyte American Football League were raging today—and the AFL appeared to be ahead in both.

In Los Angeles, the Rams of the NFL failed, at least temporarily, to get into evidence details of a \$100,000-plus contract signed by All-American Bill Cannon with Houston of the AFL.

U. S. Dist. Judge William J. Lindberg ruled that such evidence if permissible at all, should be introduced later in the Rams' injunction suit to keep Cannon from performing with any other team.

**Claim Breached Contract**  
The Rams contend Cannon breached a contract he signed with them for a \$10,000 bonus, plus \$50,000 for 1960-61. Cannon's attorneys claim the documents are merely "pieces of paper."

There was a long court argument over the Rams signing Cannon, a Louisiana State University star, before the Sugar Bowl game last Jan. 1. There was some question over whether the Rams were guilty of professionalizing him.

In New York and Chicago, a war of words raged between Harry Wismer, president of the New York Titans of the AFL and owner-coach George Halas of the Chicago Bears of the NFL.

**Flunked Out**  
Wismer defended the signing of Jack Sherer, sophomore University of Miami tackle, before his class graduates.

"The kid flunked out of school," said Wismer. "He can't get into any other college. He wants to play football. All I know about the rule is that we aren't supposed to sign a boy until his class graduates."

"But this case is different. We have not induced the boy to leave school. We are trying to help him."

Wismer blasted Halas, who had warned that the signing of under-graduates by AFL clubs could lead to wholesale raids of colleges.

"I know why Halas is mad," fumed Wismer. "He wanted the boy himself."

## YANKS THREE POINTS FROM LEAGUE LEAD

By ED WILKS  
Associated Press Sports Writer  
Nine years ago Jim Coates signed with the New York Yankees because his mother didn't like the looks of another club's scout. Now, after seven seasons in the minors, he is the hottest pitcher in the majors and has put the Yankees within three percentage points of the American League lead.

The lean right-hander put away a 7-0 record and his 11th consecutive victory over a year's span Tuesday night as the third-place Yankees won their seventh straight, 6-2 at Kansas City. That gave New York the longest streak of the season in the AL while closing in on the front-stumbling Cleveland Indians and Baltimore Orioles.

**Orioles Edge Indians**  
The Orioles edged within one percentage point of the top by handing the Indians a third straight defeat, 7-4, in the opener of a four-game series at Cleveland.

Detroit defeated Boston 2-1 in the only other game played in the AL. Wet grounds at Chicago postponed the White Sox' game with Washington.

Roger Maris kept his major league home run lead with No. 18 and drove in five runs for the Yankees. It was the Yankees' eighth in a row over the A's, sixth this season, and handed Johnny Kucks a 1-1 record.

**Hurls Six-hitter**  
Coates, 27, didn't allow a hit until Dick Williams homered with one out in the fifth. He finished with a six-hitter for a 13-1 major league mark and a perfect record as a starting pitcher.

A four-run eighth-inning—which took an hour and 42 minutes to play because of rain—did it for the Orioles. Al Pizarro's squeeze bunt scored the clincher and Gene Woodling then capped the rally with a two-run single. Gary Bell (6-5) won it, but needed relief help from Jerry Walker.

The Tigers ruled Mike Higgins' return as Boston manager when pinch-hitter Norm Cash socked a two-run, two-out homer in the seventh off Bill Monbouquette (5-6). Jim Bunning (4-3) struck out 13 and gave up all four Red Sox hits—one Ted Williams' 49th career home run.

**HOGAN, SNEAD ARE TRYING IN NATIONAL OPEN**

By DON WEISS  
Associated Press Sports Writer  
DENVER, Colo. (AP)—Those two old masters of golf, Ben Hogan and Sam Snead, will have something extra going for them in the National Open championship starting Thursday.

For Hogan, it's the general flatness of the 7,004-yard, par 35-36-71 Cherry Hills Country Club where a select field of 150 begin playing for keeps at 8 a.m.

The double round that climaxes this 60th edition of golf's top prestige tournament on Saturday shouldn't be as gruelling as the others: the solemn bantam from Texas has faced since his legs were mangled in a near fatal auto accident 11 years ago.

**Law Of Averages**  
For Snead, it's the law of averages. Despite a record 105 tournament victories, including three PGA and three Masters titles, the West Virginia hillbilly has never won the Open. This is his 20th attempt in an unbroken string that began in 1937 when he was a mere 25.

"You know, I might just win one of these here things sometime," Snead said after a steady one over par 72 in practice Tuesday.

"I'm satisfied with the way I'm playing," said an unusually chipper Hogan after leaving the course after 16 holes when a sudden windstorm swept the layout.

**Old Pros Trying**  
Hogan, at 47 seeking an unprecedented fifth Open crown, and the peppy, wise-cracking Snead, 48, represent the old pros' major challenge to golf's young bloods, headed by tournament favorite Arnold Palmer, Dow Finsterwald, defending champion Billy Casper, Ken Venturi, Gene Littler and Mike Souchak.

All will be swinging away at what most of them consider the easiest Open course in recent years. There will be 18 holes each Thursday and Friday before the 36-hole showdown on Saturday.

"It's amazing," says Casper, the putting wizard from Apple Valley, Calif. "The way the ball goes in this thin air, you'd need 8,000 yards to have a true 7,000-yard course."

record as a starting pitcher. A four-run eighth-inning—which took an hour and 42 minutes to play because of rain—did it for the Orioles. Al Pizarro's squeeze bunt scored the clincher and Gene Woodling then capped the rally with a two-run single. Gary Bell (6-5) won it, but needed relief help from Jerry Walker.

The Tigers ruled Mike Higgins' return as Boston manager when pinch-hitter Norm Cash socked a two-run, two-out homer in the seventh off Bill Monbouquette (5-6). Jim Bunning (4-3) struck out 13 and gave up all four Red Sox hits—one Ted Williams' 49th career home run.

**PHILS WIN ON SQUEEZE BUNT**

LOS ANGELES (AP)—A squeeze bunt single by Bobby Malkmus with the bases loaded in the 10th inning touched off a three-run rally which gave the Philadelphia Phillies a 6-5 victory over the Los Angeles Dodgers Tuesday night.

Dick Farrell (3-1) relieved starter Robin Roberts at the start of the ninth after Roberts was lifted for a pinchrunner and got credit for the victory despite giving up two runs in the 10th. The Dodgers' 10th inning rally fell short when Norm Larker popped out.

The Dodgers held a 3-1 lead after seven innings, mainly as the result of homers by Junior Gilliam and Wally Moon. But the

The Pittsburgh Pirates have a two-game lead after getting past San Francisco in the opener of a three-game series, but right-hander Larry Jackson and the surging St. Louis Cardinals are stealing the spotlight in the National League pennant race.

Four unearned runs gave the Pirates a 6-3 decision over the second-place Giants Tuesday night while the Cardinals backed Jackson with home runs for his eighth straight victory in a 6-3 decision over Cincinnati.

It gave Jackson (9-5) a tie with Pittsburgh's Vern Law as the majors' top winning pitcher, and moved the Cards past the Reds into fourth place.

**Cubs Beat Braves**  
The Chicago Cubs defeated third place Milwaukee 3-2 behind a two-hit pitching job by Glen Hobbie. Last-place Philadelphia defeated Los Angeles 6-5 in 10 innings.

Jackson, 29, a winner against every club but Los Angeles, gave up five hits and just one earned run — a fourth-inning homer by Jerry Lynch. Ken Boyer and Curt Flood, who drove in four runs, homered off loser Jim O'Toole (4-6) for the Cards' sixth victory in the last nine games.

Boyer's shot, with a man on in the first inning, was his 17th, keeping him in a tie with Ernie Banks of the Cubs for the NL lead.

A two-out error by Willie McCovey with the bases loaded set up three unearned runs in the second inning for the Pirates. Dick Groat's two-run single capped it and beat Sam Jones (8-5), who lost his first in eight decisions at Candlestick Park.

Bob Friend (8-3) was the winner. Hobbie, a right-hander with an 8-2 lifetime record against Milwaukee, held the Braves hitless for seven innings, then gave up home runs by Del Crandall and Ed Mathews in the eighth and ninth. The Cubs had five hits off loser Bob Buhl (5-3), two of them home runs by Banks and Frank Thomas.

A single by Clay Dalrymple scored two runs and won it for the Phils in a three-run 10th off losing reliever Clem Labine (0-1). The Dodgers blew a 3-2 lead in the ninth. Dick Farrell (3-1) won it in relief, getting Norm Larker on a pop up for the final out with the tying run on second after giving up two runs in the Dodger 10th.

**SAYS PIRATES NEED MUSIAL**

CINCINNATI (AP)—Stan Musial just smiles at the idea he might leave the St. Louis Cardinals after 19 years, to play for Pittsburgh.

He said kiddingly Tuesday night: "I'd consider going to Pittsburgh if they'll build a restaurant and bowling alleys for me like I have in St. Louis."

Musial, now 39 and seven times the National League batting champ, also said with a smile: "They always say in baseball that you wind up in your home town."

Musial was born in Donora, Pa., just outside Pittsburgh.

He gave no indication he was interested in moving from the Cards to the Pirates.

**Sports Editor's Idea**  
The idea cropped up in a suggestion by sports editor Bob Broeg of the St. Louis Post-Dispatch.

Broeg said he thought the Pirates would have a better chance of taking their first pennant in 33 years with Musial to help.

The idea was mostly a novelty to St. Louis officials.

General Manager Joe Brown of Pittsburgh said he knew nothing of Broeg's suggestion.

Musial's batting average dipped to .255 last year. Benchmarked of this season, he has been used as a pinch-hitter the past couple of weeks and his hitting .235.

The Major League trading deadline is midnight tonight.

**PHILS WIN ON SQUEEZE BUNT**

LOS ANGELES (AP)—A squeeze bunt single by Bobby Malkmus with the bases loaded in the 10th inning touched off a three-run rally which gave the Philadelphia Phillies a 6-5 victory over the Los Angeles Dodgers Tuesday night.

Dick Farrell (3-1) relieved starter Robin Roberts at the start of the ninth after Roberts was lifted for a pinchrunner and got credit for the victory despite giving up two runs in the 10th. The Dodgers' 10th inning rally fell short when Norm Larker popped out.

The Dodgers held a 3-1 lead after seven innings, mainly as the result of homers by Junior Gilliam and Wally Moon. But the

Phillies got a run in the eighth on Wally Post's homer and tied it in the ninth when Malkmus led off with a single and later scored on a double play.

In the 10th the Phillies loaded the bases with none out on singles by Al Dark, Tony Taylor and Post. Ken Walters forced Dark at the plate but Malkmus scored Taylor with a base hit bunt down the third base line. Post and Walters scored on Clay Dalrymple's single.

Clem Labine (0-1) fourth Los Angeles pitcher, was the loser.

## CALL CONVICT IN RING PROBE AFTER "FIXING"

By G. MILTON KELLY  
WASHINGTON (AP)—Senate investigators called a self-styled underworld money lender from a prison cell to testify today in its hearings on high level scandals in professional boxing.

From the volatile convict, Irving Mischel, they sought inside information about money deals in the promotion of bouts.

As a witness before the Senate rackets committee last year, Mischel told a detailed story of loaning "many, many millions" at usurious interest rates as a sort of unofficial banker for New York underworld figures.

He is serving 10 to 20 years in Clinton State Prison at Dannemora, N.Y., for grand larceny of about \$60,000 worth of securities in a complex money deal.

**LaMotta Sold Out**  
Just where his testimony might fit into the boxing probe the Senate Antitrust and Monopoly subcommittee refused to say in advance, except that it would deal with "money transactions in boxing."

As the hearings opened Tuesday, former middleweight champion Jake LaMotta testified he purposely lost a fixed fight in 1947 to Billy Fox.

He said he had been offered—and had rejected—offers of \$100,000 each to lose that fight and another the same year to Tony Janiro. He won the bout with Janiro.

**Paid \$20,000 For Bout**  
He agreed to take a dive in the Fox fight, he said, in return for the promise of a shot at the middleweight title. Despite the agreement, LaMotta testified he had to pay \$20,000 to get the bout in which he won the championship nearly two years later from Marcel Cerdan.

Cerdan's American representatives, Lew Bernstein and Sammy Richman of New York, testified they had received no money for arranging the bout, and had never heard of any payoff.

The LaMotta-Fox bout, which was stopped by the referee in the fourth round, was investigated both by the New York State Athletic Commission and by the office of New York Dist. Atty. Frank S. Hogan. Neither the commission nor a grand jury reported finding anything wrong.

**Admits Lying**  
A spokesman for Hogan said Tuesday night that "now that the statute of limitations has run out, Mr. LaMotta is saying what he refused to say at the time."

LaMotta conceded he lied during the earlier investigations.

LaMotta also repudiated a statement the Senate investigators said he had made to them this year. The statement, entered in the record anyhow, named Frank (Blinky) Palermo and Bill Daly as the men who offered him \$100,000 to throw the Fox fight, and Thomas Milo, now dead, as the one who promised him a title fight.

## UPPER ADAMS LITTLE LEAGUE

In a pair of rain-shortened games, the Braves downed the Phillies 5-0 and the Pirates topped the Red Sox 5-1 as the Upper Adams Little League started play Tuesday evening. The Cardinals-Yankees game at Arendtsville was postponed until this evening because of rain.

The Braves scored five unearned runs in the bottom of the second inning to win their contest from the Phillies at Bendersville. The Braves, who were held to one hit, took full advantage of a number of bases on balls.

**SOME OF FOX'S RING WINS ARE QUESTIONABLE**

PHILADELPHIA (AP)—Billy Fox, the light-heavyweight boxer to whom Jake LaMotta confessed he threw a bout, was credited with 43 straight knockout wins from the start of his career in 1943 until Gus Lesnevich knocked him out in February, 1947. But some observers were skeptical about some of the victories.

After the Lesnevich loss Fox started another streak and ran up seven straight knockouts, including the fourth round knockout of LaMotta on November, 1947, the bout which LaMotta has told Senate probes he threw.

Then on March 5, 1948, Fox was knocked out by Lesnevich in the first round of a return bout for the world light-heavyweight title.

From then on it was downhill for the Bristol, Va., Negro who fought out of Philadelphia. His last bout came on January 25, 1950, when he was knocked out by Joe Smallwood in Akron, Ohio.

Frank (Blinky) Palermo, of Philadelphia, who was named earlier by LaMotta as offering him \$100,000 to take a dive in front of Fox, had managed Fox through his career until May, 1948 when he sold him to Irving Greenberg and Hymie Caplin.

**Sold For \$5,000**  
"I got him as far as I could and couldn't go any further," Palermo had said in giving his reason for the transfer of Fox' contract for \$5,000.

In 1955 when Pennsylvania State Sen. Benjamin R. Donolow called for a cleanup of boxing in the state he said a fact-finding committee should go back into the records and investigate Fox.

## JOLTIN' JAKE FOUGHT FIX

NEW YORK (AP)—Jake LaMotta once summarized his philosophy of life in two short sentences:

"Friends," he sneered, "are for the birds. I'm looking out for Jake LaMotta."

Psychologists probably would have an answer for LaMotta's attitude. He was born of poverty, had to quit school early to support his family and finally drifted into boxing.

But this was the case with a lot of other fighters. LaMotta seemed to go out of his way to make enemies in his trade.

Tuesday, LaMotta, 39, admitted before a Senate hearing that he threw a bout in 1947 against Billy Fox — something most witnesses to the proceedings suspected all along.

LaMotta now is earning his living as a movie actor. He is in a film entitled "Splendor in the Grass," in New York.

Sally Brown reported on the recent 4-H Senate meeting. It was announced that the 4-H day camp will be held on Wednesday, July 27. 4-H camp at Camp Tuckahoe begins today and continues until Saturday. A group from the local club will attend both of these affairs.

Approximately 25 were present.

## WAY CLEAR ON RATIFICATION OF JAP TREATY

WASHINGTON (AP)—The way is clear for quick Senate ratification of the U.S.-Japanese security treaty before President Eisenhower reaches Tokyo on Sunday.

The Senate Foreign Relations Committee, after just 20 minutes debate, Tuesday approved the treaty unanimously. Chairman J. William Fulbright (D-Ark) said he hopes for Senate approval Thursday.

This is the treaty that ignited the huge anti-American riots in Japan after Japanese Premier Nobusuke Kishi pushed it through the Parliament with his Liberal Democratic party majority.

**Makes Equal Ally**  
The treaty will be ratified by

at Monday's meeting, including the leaders, Mrs. Helen Tunison, Adams County home economics extension representative; Mrs. Wade H. Brown and Mrs. Emory C. Gitt. It was noted that eight of the group attended the health meeting on June 10 at Two Taverns and four were at the 4-H vesper service on Sunday at the Peace Light Memorial, Sharon Zumburum and Rebecca Keagy volunteered for a show and tell at the next meeting on Monday, June 27, 1:30 p.m. Patricia Wright and Sandra Crouse will also give a show and tell at that time. Mrs. Gitt appointed a sign committee to include Linda Keefer, Martha Ritter and Carolyn Kump to investigate the possibility of having a 4-H sign placed at the entrances of the community.

## Radioactivity In Pa. Water Is Low

HARRISBURG (AP)—Radioactive contamination of Pennsylvania streams is "well below the maximum levels," the state chief of sanitary engineering said today. "The greatest amount of radioactivity found in our streams during the past few years has been a result of fallout from nuclear tests," said Walter A. Lyon.

Radioactive materials used in production of power for industry and medicine and research, he added, have resulted in very small amounts of contamination.

Measures of radioactivity are established by the National Committee for Radiation Protection. Legislation was passed in 1959 giving the State Health Department jurisdiction over disposal of radioactive wastes.

Japan automatically on Sunday, the day Eisenhower arrives, unless the Japanese Parliament is dissolved or recessed before then. The Socialists advocate dissolving Parliament and putting the treaty issue up to the country's voters in a general election. But Kishi today was reported planning a week's recess for Parliament beginning Thursday, which would postpone the automatic ratification until after the President leaves Japan.

The treaty makes Japan an equal ally of the United States for the next 10 years, with one additional year provided before it can be terminated.

### Pledges Defense

In return for bases and facilities in Japan, the United States is pledged to defend Japan if it is attacked.

The treaty also requires consultation between the two powers on deployment of U.S. troops and weapons in Japan, and before U.S. forces based in Japan can be sent elsewhere in the Far East in the event of war.

The treaty replaces one signed in the depths of Japan's defeat in World War II, which many Japanese felt was one-sided and could involve them in a war without their being consulted about it.

## 14 KILLED IN PLANE CRASH

ANCHORAGE, Alaska (AP)—An airliner crashed near the peak of 9,646-foot Mt. Gilbert Tuesday, killing all 14 persons aboard.

Among the nine passengers were two children, one only 22 months old, and the wife of a wealthy Alaskan.

The Pacific Northern Airlines Constellation vanished into clouds and drizzle after taking off from Cordova at 6:16 a.m. on the last leg of a flight from Seattle, Wash., to Anchorage.

A search plane spotted the wreckage in late afternoon, about 700 feet from the top of the mountain 60 miles east of here.

An Air Force rescue team reached the wreckage Tuesday night and reported no survivors.

The crash ended 29 years of PNA service in and to Alaska without a passenger fatality.

PNA said at its Seattle headquarters that the mountain was slightly north of the normal Cordova-Anchorage flying route.

## PRESBYTERIAN SYNOD ELECTS

GROVE CITY, Pa. (AP)—The Rev. Douglas S. Vance, a native of Pittsburgh, is the new executive of the United Presbyterian Synod of Pennsylvania.

The Rev. Mr. Vance was installed Tuesday at the 79th annual meeting of the synod at Grove City College. He fills the post left vacant by the death of the Rev. Dr. Claude S. Conley in 1958.

The synod also approved its 1961 budget of \$107,230 and gave the synod approval to act on matters concerning a United Church Center to be built in Harrisburg.

The 220 delegates to the meeting were told of the continued need for aid to refugees.

The Rev. John Thompson Peters reported that the Presbyterian Church has set up a "Project Mercy" and last year sent out 365 million pounds of food and clothing to people in Europe, Asia and Africa.

Urinic eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. ## Mounting Costs Tough Problem In Hospitals

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—The mounting costs of a stay in a hospital are being learned daily by ailing Americans. The mounting costs of maintaining hospital service at the desired standards are fretting their administrators increasingly.

They contend that most costs can't be cut without impairing the care of patients.

But some are making a big effort to cut down the costs of their housekeeping needs, which it is estimated totals around a billion dollars a year.

**Non-profit Association**  
And about 250 hospitals with a total of 62,000 beds use a non-profit association to buy such supplies at a saving averaging from 10 to 15 per cent on various items through large volume purchasing and bargain hunting.

These housekeeping needs include such things as drugs, cleaning materials, textile and paper products, furniture and bedding, office supplies and specialized surgical equipment.

The central organization, the Hospital Bureau, Inc., also tries to keep its members up to local or regional bargains in food and other local products they buy on their own.

**Test Products Too**  
It runs a research program to find what products give the best value in relation to cost and quality—and it isn't always the one with the lowest price tag—and to test products against rigid standards that hospitals demand.

The Hospital Bureau has as members voluntary nonprofit hospitals throughout the nation, in small towns and the largest cities. Some are as small as 40 beds. Some as large as 1,500 beds. Membership costs are based on size, and range from 66 cents to \$2 a day, covering personnel, operative and research outlays.

committee, explains that the buying is based on contracts, agreements and jobbing arrangements.

**Drop In Bucket**  
The agreements are flexible contracts worked out with manufacturers who guarantee a fixed price for a specific time. Most afford an annual refund, proportionate to the amount of business done, to members buying under those agreements. In 1958, refunds to members came to \$273,000.

The bureau admits that its savings, big as they seem, are only a drop in the bucket of total costs. Only a fraction of the nation's hospitals use the bureau. Others seek their own ways of saving.

To balance their books, the hospitals have turned to raising patients' fees for rooms and for various services. When this doesn't solve the deficit problem—and it often doesn't—they turn to private donors for support.

## IS GIVEN VISA WITH NEW DAD

HONG KONG (AP)—Miss Hong Kong turned up with a new father Tuesday and apparently removed any obstacle to her getting a U.S. visa for the Miss Universe contest at Miami Beach, Fla., next month.

Vivien Cheung, 20, a secretarial student crowned Miss Hong Kong last Saturday, appeared at the U. S. consulate with an identity card listing her father as Wu Pak-chuen, a Formosa businessman.

Movie fans here had believed she was the daughter of Cheung Yung, star actor and executive of Hong Kong's Cheung Lien Motion Picture Corp., which is blacklisted by the United States as "substantially controlled by Chinese Communist interests."

Consular authorities had said Sunday Cheung Yung's connection with the Communists might bar Miss Cheung from entering the United States.

Consulate sources said Miss Cheung's credentials appeared in order and that a U. S. entry permit probably would be granted within a week.

## CHALLENGE IS CITED BY IKE IN CLUB MESSAGE

WASHINGTON (AP)—President Eisenhower sent word to the general federation of women's clubs that "the challenge of tomorrow must arouse all of our energy and determination today."

The President, who is in the Far East on a goodwill tour, left behind a message of greeting for the federation, which opened business sessions of its 69th annual convention Tuesday.

Miss Chloe Gifford of Lexington, Ky., outgoing president of the 850,000-member federation, outlined the activities of her two-year term at an opening banquet Monday night.

As a convention prelude, the 3,000 delegates attended a "Salute to Women" banquet, honoring six outstanding women.

**Others Honored**  
Heading the list was Eleanor Roosevelt, honored for outstanding contributions in the field of human relations.

Mrs. Roosevelt said searching questions are being asked abroad about America, including how we treat minorities. "Those asking often are people of color who have just gained their freedom," she said.

The salute also honored Miss Bertha Adkins, undersecretary of Health, Education and Welfare, in the field of government; Sen. Margaret Chase Smith (R-Maine) in the legislative field; Miss Sylvia Porter, pioneer financial columnist; and Dr. Anne Pannell, president of Sweet Briar College in Virginia.

Clare Booth Luce, former ambassador to Italy, who also was on the list, was unable to attend.

**Rainers Planning Visit To Ireland**

NICE, France (AP)—Princess Grace of Monaco returned home Tuesday after visiting her ill father, John B. Kelly, in Philadelphia.

At the Nice Airport to greet her as she stepped from the airliner which brought her from London were her husband Prince Rainier III and their two children.

The princess is the former movie star, Grace Kelly. Through a secretary she informed airport reporters at London that she and Prince Rainier plan to visit Ireland for a few days "near the end of the month."

## Cocktail Glass Is Trade Tool

NORTH CONWAY, N. H. (AP)—In higher business circles, "the cocktail glass has become as much a tool of the trade as the briefcase," says Joseph Adelstein, director of the division of behavior problems in the Pennsylvania Health Department.

"The high pressure executive has to be able to drink just to keep or get ahead in his job," Adelstein told the North Conway Institute on Alcohol and Alcoholism Monday.

"More and more," he said, "alcohol is being regarded as a social lubricant. This is a radical departure from the old days when an executive got fired if he showed up at work with alcohol on his breath."

## LIGHTS GO ON AGAIN TO END STAGE STRIKE

NEW YORK (AP)—Broadway celebrated the end of its first stage blackout in 41 years Monday night in a welcome blaze of glowing marquees and the sounds of music, drama and song.

Curtains went up for the first time in 12 days as 19 productions returned to the boards.

It was a happy end to the contract fight between actors and producers. Actors, producers and show-starved theater-goers made the most of it.

The nearly 800 actors who returned to the footlights gave the kind of peppy, inspired performances associated with first nights. They were back on stage with wage increases plus the first actors' pensions in theater history.

Producers, overjoyed to see the end of a shutdown that cost them a million dollars in box office receipts, exchanged warm felicitations as throngs milled outside busy ticket windows.

With the theaters working again Manhattan's unique night life tempo returned to normal. Crowds jammed the restaurants, bars and clubs of the theater district. Streams of theatergoers and fleets of taxis jammed the streets.

Actor Lee Tracy, a star of "The Best Man," summed it up in a world as he arrived at the Morosco Theater.

"Happy, happy, happy," he beamed.

## SAYS ADLAI WOULD RUN

HARRISBURG, Pa. (AP)—Gov. David Lawrence of Pennsylvania says he thinks Adlai E. Stevenson would run for president if the Democratic party urged him.

Lawrence, a powerful Democratic leader and staunch supporter of Stevenson in the 1952 and 1956 Democratic conventions, discounted statements by some that Stevenson could not win in view of the two previous losses.

"I think all Democrats can win," Lawrence told a news conference Monday.

Lawrence, who will head Pennsylvania's 81-vote delegation to the national convention in Los Angeles July 11, said he conferred with Stevenson by telephone during a weekend trip to Chicago.

"We talked about the whole (political) picture," Lawrence said. He declined to elaborate.

## STATE JURIST ASSISTS TOWN FLY OLD GLORY

FAIRLESS HILLS, Pa. (AP)—A Pennsylvania jurist who stormed the ramparts to plant Old Glory on a Post Office here in defiance of a local ordinance enjoyed a double measure of success on this Flag Day.

Michael A. Musmanno, State Supreme Court Justice, helped dedicate this community's first official flag pole—a towering 150-foot mast erected right in the center of town.

Musmanno, a retired rear admiral, won a degree of international fame last August when pictures showed him, wearing a Veterans of Foreign Wars uniform, as he clambered up a ladder to the roof of the Fairless Hills Post Office clutching the staff of a large American flag.

**Reaction Cited**  
Commenting Tuesday on his reaction on discovering that no American flags were flying over Fairless Hills, Musmanno said:

"It was almost impossible for me to adjust my eyes to so incredible a phenomenon. It seemed impossible that in this beautiful little town, the product of the highest American economic and civic ideals, the emblem of liberty and justice should be completely missing."

An investigation by the jurist disclosed that all building deeds carried a restriction against the erection of flagpoles, and with other officers of the VFW he made his climb to the roof of the post office.

Musmanno demanded that Postmaster General Arthur E. Summerfield issue orders to place the U. S. flag permanently over the post office, and a Pennsylvania congressman, Daniel Flood of Wilkes-Barre, carried the battle to the floor of Congress.

Summerfield issued an order to fly the flag over the post office, restriction or not.

As a climax, the Danhurst Corp., which administers the steel town, and which for years had forbidden the erection of flagpoles here, took an about face and erected the 150-foot flagpole.

That flagpole was dedicated today with brass bands and a parade, and even the children were excused from school to take part in the ceremonies.

## Red Spy Network Biggest: Herter

WASHINGTON (AP)—"The Soviet Union," says Secretary of State Christian A. Herter, "has built the largest of all intelligence machines and maintains an unparalleled network of agents throughout the world."

Herter said, "It has been reliably estimated that within the Communist bloc and the free world some 300,000 trained officers serve in the 27 intelligence and security services of the Soviet bloc states."

Herter gave those figures Monday in a 23-page statement filed with the Senate Foreign Relations Committee, which will meet later this week to consider a report on its recent investigation of the U2 spy plane incident.

## Bardot Ponders Antique Trading

PARIS (AP)—Brigitte Bardot reportedly says she is going to quit the movies after four more films and start selling antiques. "My decision is irrevocable," the curvaceous blonde star said in an interview published by the newspaper Paris Jour. "B. B. is dead so far as the cinema is concerned."

Miss Bardot, 25, said it would take her about 11 months to complete the four movies for which she is under contract.

## BEATON FACES DEATH VERDICT

SANTIAGO, Cuba (AP)—A Cuban military tribunal Tuesday sentenced insurgent ex-Capt. Manuel Beaton, 30, and two accomplices to death for crimes against the state.

Ordered executed with Beaton were his brother, Cipriano, and Felipe Martinez.

Another member of Beaton's mountain band, which opposed Castro for months, was sentenced to 30 years imprisonment. Three others were sentenced to 20 years.

One was sentenced to five years and seven were sentenced to serve reformatory sentences until they reached maturity. One was acquitted.

The Beaton brothers and Martinez appealed their death sentences, which are now subject to review by a special higher tribunal.

## 21 Drown When Boat Capsizes

WARSAW (AP)—Eighteen school children 13 to 18 years old, a teacher and two boatmen died Monday when a boat capsized on the swift Dunajec River in southern Poland.

Only five children were saved, the newspaper Zycie Warszawy reported.

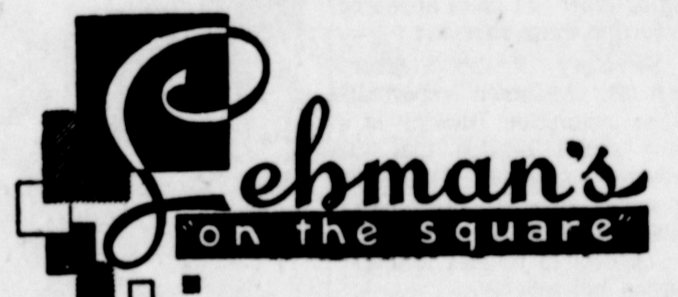

The children had gone with their teacher to watch timber being floated down the Dunajec, one of Poland's most beautiful and rapid-flowing rivers.

## LOSES COURT FIGHT

WASHINGTON (AP)—Builder William Levitt has lost his fight against a court order directing him to sell homes to Negroes in his huge New Jersey development.

The United States Supreme Court Monday refused to review a decision of the New Jersey Supreme Court that Levitt was violating New Jersey's anti-discrimination law by not selling to Negroes. The federal court said the case lacked substantial federal question. Only one justice, Hugo Black, dissented.

CHANGES IN TAX LAWS TO BE STUDIED

By JOE HALL  
WASHINGTON (AP)—The Senate Finance Committee today considers a variety of changes in the tax laws. The odds appear slim that any of them will be enacted this year.

Before the group is a House-passed bill strongly urged by the Eisenhower administration extending for another year the present corporate income and federal excise tax rates. If they are allowed to drop June 30, federal revenues would decline an estimated four billion dollars a year.

The measure also includes a temporary eight-billion-dollar increase in the 285-billion permanent national debt ceiling for the year ahead. The present temporary 10-billion increase expires June 30.

**Certain To Become Law**  
Sponsors of various tax proposals have been waiting for this annual extension measure because it is the one revenue measure certain to become law this year in some form.

However, their chances of changing other tax rates appeared doubtful for these reasons:

1. Secretary of the Treasury Robert B. Anderson reportedly told the committee Tuesday in a lengthy secret session that the bill would be vetoed if any tax cuts were included. Presumably President Eisenhower then would ask Congress to re-pass a simple extension bill quickly.

**No Amendments**  
2. House Ways and Means Committee members are understood to have assured their colleagues they would accept no Senate amendments. The House considered the bill under a rule barring changes; that branch is jealous of its prerogative to originate all revenue legislation.

Some senators on the Finance Committee said privately they felt Anderson made a strong case against any tax cuts at this time. He argued that the entire \$120,000,000 surplus predicted by Eisenhower for the year starting July 1 should be kept intact and applied to reduce the national debt, now running about 285 billion.

The POWER of FAITH by Howard Brodie

The story of a small group of San Francisco Buddhists is bringing a new understanding of faith in America to the peoples of the Orient.

A few years ago members of the little group purchased an old building only to find it was too weak to remodel into a house of worship.

They set out to build one themselves—and soon found they were not alone.

Two leading architects, one a Protestant, designed the building. Their fee: The cost of the paper.

Catholic terrazzo craftsmen taught the Buddhists the art of marble-chip flooring. A Jewish contractor loaned equipment, labored and directed.

Neighboring men folk carpentered while their wives held bazaars and children sold cookies.

The result is the impressive Buddha's Universal Church with an unadorned altar in the shape of "the ship of virtue" on which men may sail from shore to shore.

And in front of the church, members have placed a sign: "A symbol of America's generosity and freedom of religion."

HAVE CENSUS FIGURES FOR 61 PA. COUNTIES

PITTSBURGH (AP) — Census totals from 61 of Pennsylvania's 67 counties indicate the increase in population may reach the predicted 7.9 per cent.

Edgar L. Bryan, in charge of the census for most of the state, made the prediction before the nosecount began. This increase would give the state a population of 11,327,000, compared to 10,498,012 in 1950.

Combined population of the 61 counties is 10,860,710. Figures are not available on Sullivan, Wyoming, Carbon, Monroe, Pike and Northampton counties.

**Movement To Suburbs**  
Porter Rickley, survey manager at the Pittsburgh census bureau office, said these have been completed but reports have not been issued from Washington.

The figures show a general movement from urban to suburban areas. Both Philadelphia and Pittsburgh had big decreases. However, surrounding areas have taken up the deficit and then some.

The biggest increase came in three counties bordering Philadelphia — Montgomery, Delaware and Bucks. Bucks and Montgomery recorded increases of 162,000 each and Delaware County was up 130,000. Philadelphia dropped more than 117,000 to 1.9 million.

**Pittsburgh Down**  
Although Pittsburgh's population dropped, Allegheny County increased 81,883. Three of the four bordering counties increased also.

The anthracite coal areas of northeastern Pennsylvania felt the biggest move out. Counties of Luzerne, Lackawanna, Schuylkill and Northumberland had a total loss of 110,000 residents since 1950. These have been classified as economically distressed areas.

The only counties in the western part to show appreciable decreases were Washington, Fayette and Greene.

Fulton County's population changed by only 124, an increase.

Schuylkill Paper Is Sold By Knecht

TOWER CITY, Pa. (AP)—The West Schuylkill Herald, a weekly newspaper, has been sold to the Schuylkill Haven Call.

Owner William Knecht said Tuesday he plans to enter semi-retirement. Knecht, however, will seek reelection as a state representative.

His son owns the Schuylkill Haven Call, as well as the Orwigsburg News. All mechanical equipment will be moved from the Herald to the Call, although the Herald will continue to be printed under the same name.

Sale price was not disclosed.

MEDICAL MEN HAVE MONITOR FOR CHILDREN

MIAMI BEACH, Fla. (AP) — Babies and young children coming out of life-saving surgery sometimes die because of a comfort of the adult world—air conditioning.

Occasionally in air-conditioned operating rooms, the baby's temperature falls too during surgery, a Duke University doctor reported to the American Medical Assn. meeting.

When that happens, a rare disease sometimes develops — and tissues below the skin harden into an almost stone-like consistency, said Dr. C. R. Stephen.

**New Body Monitor**  
Now a new machine that can monitor the baby's body temperature and hold it at the desired level has been developed by the Duke researchers.

As many as four plastic blankets can be wrapped around the young patient entering the operating room. These blankets have tubes running through them, and each blanket carries one quart of circulating water.

This is hooked up to a machine that can vary the temperature of the water from 40 degrees to 134 degrees Fahrenheit. Normal body temperature is 99.6 degrees Fahrenheit taken rectally.

GOT \$100,000  
TO LOSE BOUT

WASHINGTON (AP)—Jake LaMotta, former middleweight boxing champion, testified under oath Tuesday that he faked his knockout defeat by Billy Fox in 1947. He said he had been offered \$100,000 to lose.

In earlier investigations of the LaMotta-Fox bout staged in New York's Madison Square Garden, LaMotta had insisted that he stood helpless due to a training injury until the referee stopped the bout. LaMotta told his story of throwing the fight with Fox, a light heavyweight, as a witness before the Senate Antitrust subcommittee.

While saying he had been offered \$100,000 to lose, he insisted that he wasn't really interested in the money—only in a shot for the middleweight title.

LaMotta won the middleweight title from Marcel Cerdan, a Frenchman from Algiers, in a bout in Detroit June 16, 1949.

Now considerably over the middleweight limit of 160 pounds, LaMotta appeared before the subcommittee with a nose which showed the effects of his 125 professional bouts between 1941 and 1954.

4 MONTHS' PAY  
TOTALS \$16,666

WASHINGTON (AP)—The United Mine Workers Union has reported paying John L. Lewis \$16,666 as president in the last four months of 1959.

Projected over a year, Lewis' total salary amounted to \$50,000.

The report, submitted to the Labor Department under terms of the Landrum-Griffin Labor Bill, listed Thomas Kennedy, Hazleton, Pa., UMW vice president at that time, as having been paid \$13,333 between Sept. 1 and Dec. 31, 1959.

Kennedy was elected to succeed Lewis on Jan. 14 when Lewis became UMW president emeritus.

The new vice president, W. A. Boyle, was paid \$13,500 as a member of the international executive board in the last four months of 1959.

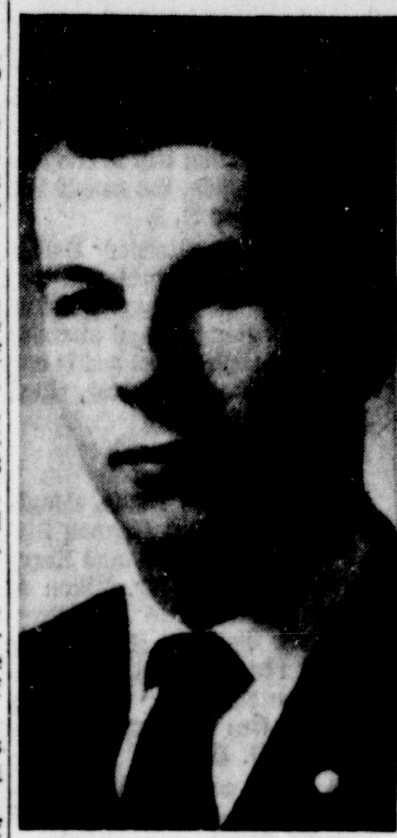

Secretary-treasurer John Owens received \$13,333 between Sept. 1 and Dec. 31, last year.

Martin F. Brennan, president of Dist. 7, UMW, was listed under the international executive board for a four-month salary of \$6,500 with \$996 in expenses.

Scottish employment agencies were able to furnish 50 idle natives, but that left the company short about 150 extras.

"We were forced to go south of the border and recruit Englishmen from around Carlisle on the English side of the frontier," Schaeffer said.

Sundermeyer plans to write seminars for graduate work at Johns Hopkins and will spend the summer as a reporter for the Oban Times, Oban, Scotland.

Dr. Sundermeyer is head of the German department at Gettysburg College.

INCOME TAX  
EVASION CASE  
IS "MISTRIAL"

PHILADELPHIA (AP)—The income tax evasion case of a prominent surgeon who flew to Switzerland last year to perform an appendectomy on Princess Grace of Monaco ended Tuesday night in a mistrial.

A jury of eight women and four men were unable to reach a verdict in the case of Dr. James A. Lehman, who along with his wife, Adelaide, was charged with evading \$284,000 in income taxes over a five-year period ending in 1957.

Defense Atty. Thomas D. McBride asked for a motion of acquittal for both defendants. U. S. District Judge Harold K. Wood said he would hear arguments on the motion June 27.

## Kelly A Witness

Last month Lehman performed abdominal surgery on John B. Kelly, the father of Princess Grace, the former Grace Kelly of movie fame. Kelly was a character witness for Lehman at the trial.

The jury deliberated a little more than four hours and then reported to Wood it was "hopelessly deadlocked."

U. S. Atty. Walter E. Alessandrini said there will be no further action against the Lehmans pending the hearing on motion for acquittal.

"If the motion is granted then the defendants are free," Alessandrini said. "If the motion is de-

nied, the case will be placed for trial at the next term of the court.

"Not A Crook"

In his summation Alessandrini told the jury:

"We have shown you they paid taxes of \$149,000 and that they should have paid \$433,000."

McBride said that Alessandrini's summation contained "nothing more than general statements as to the evidence." He said that Lehman did not know what he earned.

"We have admitted understatement at the beginning," McBride said. "If you want to call him (Lehman) negligent, I will agree. If you want to call him careless, I'll agree. But if you say he is a crook I won't agree."

Before the trial opened last Monday the Lehmans paid the Internal Revenue Service \$360,000 for back taxes and interest.

France, with an area of 212,659 square miles, is slightly smaller than Texas.

U. S. Gift To Red  
Returned To Maker

WASHINGTON (AP)—A jet-powered speedboat, which bears a silver plaque on its dashboard reading "to Nikita S. Khrushchev from Dwight D. Eisenhower," will be returned to its maker. The boat is sitting on the lawn of the American embassy in Moscow. It is a rather bulky and noticeable symbol of the collapse of the Paris summit conference on May 16.

American officials didn't know what to do with it. To give it to Khrushchev was unthinkable after he cancelled the President's Soviet visit. After weeks of deliberation it was decided to ship it back to the American factory and get the government's money back.

The United States produces 40 billion tin cans a year to preserve food.

## INVITE 10,000 TO "SAFARI"

Invitations have been issued to approximately 10,000 Boy Scouts and leaders in York and Adams Counties for the fifth Haines Safari to be held Thursday, Friday and Saturday at the Wizard Ranch near Hallam.

Col. and Mrs. Mahlon N. Haines, who will be hosts to Cub Scouts, Boy Scouts, Explorers and their leaders, have donated \$15,000 to the York-Adams Area Boy Scout Council, to underwrite the costs of staging the affair on the 500-acre ranch, including three meals each on Friday and Saturday.

Many men prominent in scouting will attend from the regional office in Philadelphia and from neighboring councils in Baltimore, Harrisburg, Lancaster, Wilmington, Virginia and Washington.

Among visitors expected to attend are Ray F. Zaner, retired York-Adams executive; his suc-

cessor, W. Jack Watson, now living at Cape May, N. J., and living charter members of the council in 1917—Francis Farquhar and George Hummel, both past presidents; Robert Fluhrer, York attorney, and Harrison B. Waltman, first secretary and treasurer.

All Cub Scouts will be special safari guests for the evening meal on Friday with their leaders and will return Saturday as visitors.

**BAILED FOR COURT**  
In a hearing before Justice of the Peace Robert F. Snyder Monday evening, Joseph Bader pleaded guilty to disorderly conduct and paid a \$10 fine. He also pleaded guilty to resisting arrest and posted \$500 bail for sentence in August court. The charges of assault and battery were withdrawn by his wife. The defendant paid all costs.

All charges against Clarence W. Stouter, Orrtanna R. 1, were dropped before Justice of the Peace Robert F. Snyder Monday evening. The costs were paid by the defendant.
